# 1. PENGENDALIAN DOKUMEN

# Referensi Penyusunan Dokumen

### Referensi

Document	Version	Author
-	1.0	

### Revisi / Amandemen

Item Revisi		Direvisi Oleh
-	-	-

### Daftar Istilah dan Definisi

Terms	Description/Explanation

# Perubahan yang terjadi pada dokumen versi sebelumnya

Change Request	Description/Explanation
	-

### 2. PENDAHULUAN

Dokumen ini disiapkan untuk memberikan panduan kepada user dalam proses Maintenance support Aplikasi Find&GO.

### 3. PROSEDUR MAINTENANCE

### 3.1 Letak Source Aplikasi

Source aplikasi terletak di:

Framework Backend: Laravel versi 7

IP : 103.147.3.79

Directory :

/home/telkom/applications/findngo/applications/backend

User : telkom

Password : Menggunakan ssh key

```
talbome[ustance-ku5el]:-/applications/findingo/applications/backend$ pwd
//home/talkom/applications/findingo/applications/backend$ ls
talkom@instance-ku5el]:-/applications/findingo/applications/backend$ ls
Dockerfile app bootstrap composer.lock database docker-compose.yml package.json public routes storage webpack.mix.js
REAUME.md eritsan composer.json config docker-compose-loc.yml package.json public routes storage webpack.mix.js
REAUME.md eritsan composer.json config docker-compose-loc.yml phymnti.xml resources server.php tests
talkom@instance-ku5el7:-/applications/findingo/applications/backend$ |
```

Gambar 1 Direktori file system backend server

Framework Frontend: Vue.js versi 2

IP : 103.147.3.79

Directory :

/home/telkom/applications/findngo/applications/web

User : telkom

Password : Menggunakan ssh key

```
telkomeinstance-ku5el?:-/applications/findngo/applications/web$ pwd
//home/telkom/applications/findngo/applications/web
telkomeinstance-ku5el?:-/applications/indngo/applications/web$ ls
telkomeinstance-ku5el?:-/applications/indngo/applications/web$ ls
Dockerfile app bootstrap composer.lock database docker-compose.yml package-lock.json phpunit.xml resources server.php tailwind.js vu
REAUMTE.md artisan composer.json config docker-compose-loc.yml nginx.conf package.json public routes storage tests we
telkomeinstance-ku5el?:-/applications/findngo/applications/web$ |
```

#### 3.2 Letak Database

Type : Sql

Database : Mysql

Schema : findngo\_db

IP Address : 103.147.3.79 (docker)

Port : 3306 (docker)

User : telkom

Password : Menggunakan ssh key

### 3.3 List Table
